NEW! **MPM 05000ST** **Motor Oil 5W-30 Premium Synthetic ST**

MPM is the first in the aftermarket to launch the new SAE 5W-30 engine oil designed for gasoline and diesel engines equipped with an exhaust after-treatment system. This special formulation complies with the Stellantis FPW9.55535/03 specification which is mandatory for DV5R engines up to OPR 16885 and EB2 Gen1 (2013-2019) 1.2L PureTech engines.

This specific motor oil is mandatory where MPM 05000PC-FE (0W-20) / 05000PC (0W-30) was previously recommended for the D5VR and EB2 engines used in Citroën, DS, Peugeot, Fiat, Toyota, Opel and Vauxhall. Optimized cleanliness reduces wear and increases the lifetime of the mechanical components and the engine. This engine oil is also suitable for engines requiring the PSA B71 2290 specification with viscosity grade SAE 5W-30.
