## NEW! MPM 37000S UTTO GL-4 Premium Synthetic

MPM introduces the 37000S UTTO GL-4 Premium Synthetic for Volvo, Case, Kubota, Ford, New Holland and Valtra, among others.

This fully synthetic universal tractor transmission oil has been specially developed to provide improved lubricating properties under various operating conditions (especially in a cold climate) for wet brakes to prevent brake noise, and in hydraulic systems of agricultural tractors.

It can also be used in torque converters for tractors, forklifts and various off-road machines for which viscosity class 75W-80 is recommended.

This synthetic oil is permitted in applications where Volvo's specification level 97304 (WB 102) is recommended. The WB102 delivers improved machine performance and less energy wastage in comparison to the WB 101 specification.

### Specifications:

- ★ API GL-4
- ★ AGCO ALLIS 821 XL
- ★ Case IH MS 1206/1207/1209
- ★ Case New Holland MAT 3505/3525/3540
- ★ DIN 51524 T3 HVLPD
- ★ Ford New Holland ESN-M2C134 D/ FNHA-2-C-201.00
- ★ John Deere J20D
- ★ Kubota SUPER UDT<sup>2</sup>/UDT
- ★ Massey Ferguson M-1143/M-1145
- ★ New Holland 410B/410C
- ★ Valtra G2-08/G2-B210
- ★ Volvo 97303/WB101/ 97304/WB102
- ★ ZF TE-ML 03E/05F/ 06K/06R/17E/21F

### Packaging units:

ART. NO.	VOLUME	PER UNIT	PER PALLET
37001S	1 L	6	450
37020S	20 L	1	30
37060S	60 L	1	6
37205S	205 L	1	2
37999S	1.000 L	1
